SC needs Über!!! This is a company that saves lives in the long run. People especially younger, struggling, students will make the choice to drive under the influence just to save from spending astronomical amounts on cab far. This new system that über is providing is a much cheaper, safer, and cleaner alternative. So why take it away if it is in fact a good thing for our community and the people in it? Work it out. SC needs Uber!

We would like to have the choice of Uber here in our state of South Carolina. The drivers have been much friendlier and the cars much cleaner. It makes the choice easier when you are deciding after an evening out and you've had dinner and wine with friends, should I get in one of those dirty creepy cabs or just drive myself? Oh wait, I can call Uber! Please don't revoke that choice. Thank you, Carrie Cox Charleston South Carolina

I was dismayed to learn of your "cease and desist" order for Uber in South Carolina. This group offers excellent service and will benefit the citizens of this great state in many ways. Having this option to the sub-par taxi service I have experienced in my 30+ years in the Midlands, I can tell you it has been a welcome relief. Please reconsider your decision!
